

Quickly Create Precise Rigging Equipment Specifications With This Helpful Tool

Rigging Writer helps you create rigging equipment specifications quickly and with precision.

The automated Rigging Writer will guide you through a series of menus and choices that will very quickly produce specifications for most rigging situations. The resultant Microsoft Word™ document can be used and edited as usual.

[Download Rigging Writer](#) (13.84 MB)

This download could take a few minutes depending on your Internet connection.

Requirements: Microsoft Word™; Windows 98, Windows ME, Windows 2000, Windows XP; 64 megabytes (MB) of RAM (128 recommended); 240 MB of free disk space.
