

Batten 015-67R

- Battens are made from seamless pipe, and are supplied with a matte black finish.
- Battens up to 21' long are supplied as a single piece; longer battens are provided with 18" long internal splice sleeves.
- Standard 1 1/2" battens are provided with safety yellow vinyl end caps, making the batten ends easier to see.
- Two pipe ladder trusses are constructed from two 1 1/2" sch 40 pipes with flat bar spacers on 4' centers. Other special constructions are available, consult factory.
