

Cross Grid Connector
015-100

- Provides rigid, low profile connections for assembling pipe grids of 1 1/2" schedule 40 pipe.
- Black, powder coated 1/8" steel plates are supplied with 3/8" black Grade 5 bolts and nuts.
- Pipes can be added or removed in place, without sliding them in from the ends.
- Half of the assembly can also be used to secure a 1 1/2" schedule 40 pipe to any flat surface.
