

Nicopress (Oval Sleeve)
025-250N

Nicopress (Stop Sleeve)
025-250S

- Copper oval sleeves are used with a thimble for cable terminations.
- Oval sleeves used with galvanized utility cable have an efficiency rating of 100% of the catalog breaking strength of the galvanized utility cable.
- Copper stop sleeves are used on cable ends inside drums, etc. The efficiency of these connections must be determined by testing.
- Nicopress sleeves must be installed using the proper Nicopress hand or hydraulic tool.
- Crimps must be verified with the appropriate Nicopress “Go Gauge”.
- Nicopress fittings may only be used with Nicopress tools and “Go Gauges”. Do not mix manufacturers.
