

**Push button Control
050-CS1**

Standard and custom control stations for fixed and variable speed hoists, with the following features:

- Hold-to-run Up and Down push buttons for each hoist.
- A key operated On/Off switch with green “Power On” LED indicator.
- A red, mushroom head emergency stop push button.
- A “Service” light indicates when regular system service is required.
- NEMA 1 wall mounted enclosures.
- Engraved front panel with warning notice.
- Panel components including push buttons, key switches, E-stop switches, etc. are industrial grade, heavy-duty components with 7/8" (22 mm) operators. Indicators are 5/16" (8 mm) minimum diameter.
