

**Quick Hoist
018-QW100**

Need drum hoists quickly?

With Quick Hoist you can receive shipments of 1 - 3 units as soon as four weeks after placing your order. More units may take additional time.

Four models are available with speeds from 20 to 30 fpm and capacities of 1,100 to 2,000 lbs.

Each winch includes:

- 3 - 6 lift lines
- Travel of up to 48' with 6 lines, 61' with 5 lines, 78' with 4 lines, etc.
- Integrated brake, motor, and gearbox for reliability.
- 8" diameter drum for 1/4" wire rope.
- 4 element rotary limit switch.
- Fixed speed starter.
- Push button control station with key switch.
- Independent E-stop circuit for safety.
- Optional overspeed brake for 1,100 and 1,500 lb. units.

Please call with questions or orders. We'll work with you to provide hoists to meet your schedule.

Ordering Information

Model	Speed	Capacity	HP
018-QW100	30 fpm	1,100 lbs	1.5
018-QW200	20 fpm	1,500 lbs	1.5
018-QW300	20 fpm	2,000 lbs	2.0
018-QW400	30 fpm	2,000 lbs	3.0

When ordering, please specify:

- Number of 1/4" diameter lift lines
- Travel required
- Is an overspeed brake required?
- Hoists require 3 phase power at 208, 230, or 460 VAC.
Please confirm voltage at time of ordering.
